Forecaster

Hi Barack,

Life, in common with the planets, moves in cycles and knowing when those cycles begin and end is invaluable when it comes to living your life to the full.

As the planets move around the zodiac they form angles or 'aspects' to the planets in your birth chart. In astrology these 'aspects' are known as 'transits' and your personal transits are interpreted in the pages that follow, together with the exact date each planet enters the orb of influence and finally exits.

Your Forecaster details the movements of the Sun, Mercury, Venus and Mars - known as the personal inner planets - that signify variations in your level of vitality and your feelings, what you value most as well the way you think and assert yourself.

Events therefore occur in differing ways according to the natal planet positions outlined in your birth chart. There will not always be an exact transit or interpretation shown for every day.

Sometimes you will notice the interpretation is repeated, because at certain times, when viewed from the Earth, the planet involved may appear to move backwards, then forwards over a specific time period, re-creating the same 'transit' several times. Similar to when 2 trains travelling in the same direction, pass one another at different speeds, the slower train when viewed from the fast one appears to go backwards. This apparent backwards motion of planets is known as 'retrograde' motion, when this occurs it is indicated by the RX retrograde symbol.

Your Forecaster should only be used as a helpful guide. At all times it is for you to choose the best path to follow from what is written below and develop the most positive and rewarding parts of your character.

Retrograde Motion of the Transiting Planets and Why Interpretations Repeat

The illusion of the retrograde motion of the planets on their orbit - can be likened to when a train passes another - the slower train appears to be going backwards.

Astrologers treat triple transits quite seriously as it shows where you have an opportunity to think again about your actions before the aspect finally completes.

This is in fact a fairly common event. It happens when the transiting planet goes retrograde - briefly, it means that the planet seems to go backwards from our viewpoint on Earth. The transiting planet contacts the natal planet first moving forward ("direct"), then it appears to reverse direction, contacting the natal planet a second time.

The transit can form a precise aspect three times forward/direct and twice backward/retrograde before it is totally over. The transit continues to be felt during the intervening period. You'll sometimes see the same transit "repeated" three, or even five times in a relatively short period.

Planets that form an aspect to a natal planet and then go stationary signal very potent and much longer-lasting effects. Direct planets which form such an aspect and then go retrograde can move over the same point several times, which prolongs the transit well beyond its normal "single pass" duration.

Whatever began on the "first contact" may seem to reverse itself, seemingly needing to be reconsidered and re-attempted... the scheme, conversation or relationship isn't going forward as originally expected.

Then, when the retrograde is over, the transiting planet advances again ("goes direct"), and connects with the natal planet again!

For this reason all transit Forecasts reports repeat paragraphs when necessary and transiting planets will unavoidably appear to turn from direct to retrograde, and then back to direct again - and will often transit a natal planet or point several times.

Long Term Trends

Developing or Exaggerating Trends

Jupiter trends from 23rd May 2014 to 22nd May 2015

December 6th 2013 onwards to May 24th 2014

Self confidence

♃ 5th

Jupiter transits your natal 5th house

Self-confidence and determination will enable you to take advantage of new opportunities, resulting in greater financial rewards. Possessing the courage of your convictions, others opinions will not matter. You will now be yourself, and will make no apology for your actions or beliefs. Relationships should also improve, especially with children and lovers. If new love enters your life, it is likely to be someone from a different background or from abroad. Either way, the relationship should be fulfilling and rewarding, especially if you do not pretend to be what you are not.

May 24th 2014 onwards to October 14th 2014

Working life

♃ 6th

Jupiter transits your natal 6th house, REPEATED when retrograde from 3rd February 2015 to 10th June 2015

This is a luckier than usual period for all work related matters. Work satisfaction will increase, either through a new job or better working conditions in your present job. This is a good time to ask for an increase in salary. Health should improve, however you will have to be careful about gaining weight. Take all things in moderation.

June 7th to 16th 2014

Enthusiasm and self confidence

♃ ✳️ ♂

Transiting Jupiter Sextile your natal Mars

This should be a period of steady growth, especially in all business, legal and financial matters. Also, understanding that you are likely to need the support and co-operation of friends and colleagues, you will win their trust and confidence through honest, fair dealings. Not feeling threatened; they will help you along the path of success.

With energy levels, enthusiasm and self-confidence running high - there is very little that will get you down, or stand in your way, as you diligently strive towards reaching definite goals and ambitions. You know exactly what you want and intend to get it! For now, split second decisions can be made accurately and quickly with excellent timing - there will be no dithering. Success will create more motivation and that in turn will bring more success!

But don't just sit back and expect opportunities to just 'drop into your lap'. You must be prepared to both look for, and create, new opportunities for yourself.

Physical strength and health should also improve around this time.

June 20th to 29th 2014**Erratic conduct**

Transiting Jupiter Opposition your natal Saturn

This is not a time to make wild, unfounded accusations, as they are likely to backfire. Your unpredictable and erratic way of behaving will certainly baffle others. Be extremely careful how you express yourself as misunderstandings and confusion could now lead to chaos. Important decisions should therefore be temporarily postponed until emotional stability is restored.

Feeling as if you are being pulled in opposite directions - there is a certain amount of tension and confusion in your mind as to what to do next. You will not know whether it is time to push yourself forward into the spotlight, or to keep your head down and well out of the firing line. One minute you could be feeling elated, full of confidence and on top of the world and then, within no time at all, you find yourself sinking into the depths of depression. Try to find a comfortable middle ground until these disruptive planetary influences fade away.

Restlessness may disrupt personal relationships. Patience will be needed. Don't rush plans or ideas and don't force others to accept your point of view against their will. Be more prepared to compromise and to take other people's feelings into consideration and they will be more prepared to give much needed encouragement and support.

July 6th to 15th 2014**Don't dither**

Transiting Jupiter Trine your natal MidHeaven

This could be a tremendously successful period, especially in work and career matters. Others will be willing to co-operate with, and support, your ideas and plans, as they will now be aware of your strength and determination. Inner confidence and a sense of security will shine through so others will now look to you for guidance.

This will not be a time for dithering - it's a time for positive action. Personal goals and ambitions are uppermost in your mind and you are aiming straight for the top! This is an excellent time to plan for the future because no detail, no matter how minor, will escape your attention. You may decide to embark on a new study or retraining to increase your career opportunities.

Business negotiations and transactions should proceed smoothly. Expansion is likely and you may find yourself dealing with the public much more than usual.

July 15th to 24th 2014**Centre stage**

Transiting Jupiter Opposition your natal Jupiter

Confidence will be your keyword during this period - you will feel as if you can handle anything. You will feel as if it is time to take centre stage. You will certainly feel that you deserve some praise and recognition. In short, you will feel you can do whatever you want - nothing will be too big to tackle.

An added bonus will be that it will seem, as if by magic, that you will have the knack of being in the right place at the right time - saying the right things to the right people.

There is, however, a danger of becoming a 'know-it-all'. A certain element of arrogance could prevent you from listening to the other person's point of view. Be aware of this possibility and keep a level headed outlook when voicing opinions.

Another word of warning; be careful not to over-extend or over-commit yourself. No matter how much you think you can handle, you are only human and you will get tired from time to time. Make sure that you allow yourself some rest and relaxation.

In business, this could be the point in time when projects come to a head or a conclusion. Be ready to close potentially lucrative deals - don't let competitors catch you napping.

This period could be summed up in three words: positive, restless, energy. You may want to break away from your normal routine but think carefully before rushing headlong into action.

Problems with colleagues at work, or people in authority, are possible. Through exuberance and over-enthusiasm, you may give the impression that you want to achieve too much too quickly - they may see you as a threat to their own jobs and therefore try to block your path of progress. Either reassure them that you are no threat, or lay your cards on the table.

July 22nd to 31st 2014**Opportunity to learn**

Transiting Jupiter Conjunction your natal Mercury

Start of new 11-12 year period of 'activity and aptitude'

This will be a brilliant time to plan for the future because of your increased perception and understanding of all that is happening around you. Feeling an insatiable desire to increase your knowledge, you will learn all that you can with each new day. If questions are asked, then you will need to find the answers. You may even take up some kind of new study or re-train for a different career.

You might try to satisfy this search and need for knowledge through travel - even if it is just a short trip, it will still take you away from your day to day environment. When away from daily routine, lessons can be learned from exciting and unusual experiences.

Pay attention to detail in all financial matters. You are likely to be cramming so much into your mind at the moment that you may lose sight of the overall picture. However, this could be a beneficial time to buy and sell, especially property, but be sure that you are satisfied with all the negotiations before making firm commitments.

Good news is likely to come your way during this period.

July 27th 2014 onwards to August 4th 2014**Confidence and success**

Transiting Jupiter Sextile your natal Moon

This should be a happy, cheerful and peaceful period in your life with friendships playing an even more important role in your everyday affairs. In particular, there is likely to be more contact with women, with a friend, wife, or even business partner bringing more comfort and stability into your life.

If a friend asks you for help then don't hesitate doing what you can for them. In time to come this kindness (and much more) will be returned with the same love and support that you, yourself, gave.

You may find yourself dealing with the public much more than usual during this time, so be confident, because the outcome will be extremely successful.

Expect some contact from abroad, especially from friends and family living overseas. They may even surprise you with a visit or a phone call.

Finances and cash flow should finally look more prosperous.

August 19th to 28th 2014**Unrealistic expectations**

Transiting Jupiter Square your natal Neptune

Preferring idealism to realism, you could now be lost in a world of self-deception, daydreams and unrealistic expectations. Alternatively, you could try to escape the pressures of daily routine and responsibilities through drink or drugs.

Pre-occupation with religious or spiritual matters could also cause you to temporarily reject the material world. However, take care not to be misled by false prophets.

You will be incredibly generous around now but less scrupulous individuals could take advantage of your sensitivity and misplaced sympathies. Avoid taking unwise risks, especially shady financial deals and dubious 'get-rich-quick' schemes.

September 7th to 17th 2014**Beneficial period**

Transiting Jupiter Conjunction your natal Sun, REPEATED when direct from 14th March 2015 to 3rd May 2015. Exact 8th April

Start of new 11-12 year period of 'believing in life'

This could be an excellent and beneficial period ahead. You will be feeling outgoing, optimistic - and health should finally improve. Armed with more energy and enthusiasm, you will be ready to tackle any obstacle head on!

During this time it may seem as if everything is working out perfectly, just the way you want it to. But don't expect all the opportunities to just land in your lap - wasted chances can't be blamed on anyone but you! So, if opportunity does knock, open the door and boldly stride forward.

Suddenly, you will feel the urge to live life to the full - and not do anything by half measures. You will not be frightened of trading new, exciting and adventurous paths.

But despite all this optimism, do watch out for some pitfalls, the main one being over-exertion. In your exuberance to catch up with lost time, you might find that you overreach yourself, over-extend yourself in some way, or simply exhaust yourself! Do try and exercise a certain amount of restraint.

Financially, this could be a very lucky and lucrative period, but be careful of too much extravagance. If you are fortunate enough to come into some extra cash or a bonus, then don't blow it all in one go. Save a little for those rainy days.

October 7th to 20th 2014**Right to be heard**

♃ ♀ AS

Transiting Jupiter Opposition your natal Ascendant, REPEATED when retrograde from 26th January 2015 to 10th February 2015. Exact 3rd February

Start of a new 11-12 year cycle of 'social acceptability'

During this time there are likely to be arguments with loved ones, colleagues and friends. This is probably because you will not be quite as sympathetic and compassionate as usual - and also at the moment you will be inclined to feel that your word is law and no one should dare to question it! Don't force or manipulate others to your point of view - they have a right to their own opinions.

Actually the truth is that you, yourself, may have problems with people in authority or problems with legal matters. Avoid dubious characters or illegal or shady deals.

The temptation to break free of certain restrictions and responsibilities will be difficult to resist. Craving adventure, excitement or just simply something new in your life - you could now make a dash for freedom. By all means rid yourself of any unnecessary restrictions and burdens - but also make sure that you hold on to anything that is useful and productive.

Another word of warning: be careful not to over-extend or over-commit yourself. No matter how much you think you can handle, you are only human and you will get tired from time to time. Make sure that you allow yourself some rest and relaxation.

October 14th 2014 onwards to February 3rd 2015**Relationships**♃ 7th

Jupiter transits your natal 7th house

Relationships with others should work well at this time, teaching you more about yourself. You will now meet people who can help you and in turn, you will shower loved ones with generosity, spoiling them with an abundance of affection and small gifts. A new lover may come from a completely different culture or background, possibly someone older or from abroad. Legal matters should also work out to your advantage but beware overconfidence. Do not overlook details, which could trip you up. This is also a good time for medical consultations or therapy of any kind.

Steadying or Challenging Trends

Saturn trends from 23rd May 2014 to 22nd May 2015

October 7th 2012 onwards to December 13th 2014**Structures**♄ 9th

Saturn Retrograde transits your natal 9th house

Having reached a new level of awareness, you now have a better understanding of who you are and what you want from life. But do not assume you know everything, do not take yourself too seriously or become too rigid in your thinking. There is still much to learn. During this time you may be desperate to expand your horizons, but something seems to be holding you back. Patience will be needed. There may be problems with education, possibly stemming from a fear of failure. Difficulties may be encountered with legal matters or on long journeys. These experiences, however, may reveal insights that you would not otherwise have gained had things gone smoothly.

May 22nd 2014 onwards to June 27th 2014**Looking for trouble**

Transiting Saturn Retrograde Square your natal Ascendant, REPEATED when direct from 12th August 2014 to 14th September 2014. Exact 31st August

To say that you've had a better time in love relationships would be an understatement. Tension, conflict, friction, they are all words to describe the way you are now likely to be feeling towards a lover or marriage partner. Problems that have been bubbling away beneath the surface are now likely to violently erupt, and if the differences are irreconcilable, then the relationship may come to an abrupt halt.

Ego clashes are likely with everyone and anyone who happens to be around! Lovers, business colleagues, friends and family - none will escape your wrath.

This may not be one of the easiest times of your life. Your confidence may be easily shattered, and self-inflicted feelings of doubt in yourself could create problems where there are none. In other words, you could go looking for trouble - and worrying about events and possibilities that haven't even happened. However, you could be creating a 'Catch 22' situation. By actually worrying too much, you could create anxiety attacks and problems that should never have existed in the first place.

October 11th to 29th 2014**Discipline**

Transiting Saturn Sextile your natal Mars

During this time you will be able to channel your energy in a constructive, objective and disciplined manner. No task will seem too great and whatever you start now will probably withstand the test of time.

This would therefore be an excellent time to make or pursue long term plans and ambitions, or to begin major projects. This is a time of tremendous professional and ordered discipline.

You will now be capable of extremely hard work, with a concentration and intense energy that will drive you onwards and upwards. You will see each task and project as a challenge, one that must be completed at all costs. The exact amount of energy required will be expended on each task - with no time or precious energy wasted.

Career promotion is now likely as people in authority will see the value of your enthusiasm and ability to produce concrete and practical results.

New business opportunities could also open up for you now, presenting new business contracts and agreements that, in time, should prove extremely lucrative. This would also be an excellent time to either buy or sell property.

November 4th to 20th 2014**Considered evaluation**

Transiting Saturn Square your natal Uranus

This is a time of testing. Events will change your life. However, if things start to go wrong - then instead of losing your temper and blaming everyone but yourself - examine the situation carefully and evaluate what is happening. The answers may surprise you and you will probably find they have a strong connection with past events or your own past actions.

However, circumstances may bring about sudden changes or problems in either your personal or professional life. This will undoubtedly cause tension, especially if previously unforeseen difficulties and obstacles block every effort that you make. This will not be the best time to produce good results from a team effort. Try to work alone.

Financial problems could cause legal difficulties. This is also a time to beware of sudden accidents. Avoid making business or property related decisions around now, as you may find problems with the legal side of the transaction. You may also have problems with parents, or older people in authority - either in your personal or business life. Personal and love relationships may also suffer traumatic changes around now.

November 4th to 21st 2014**Money matters**

Transiting Saturn Sextile your natal Saturn

All financial matters and investments should proceed smoothly - and could prove extremely lucrative. Being more serious minded and practical regarding money, you will not be willing to take risks and therefore all financial strategies will now be well planned.

Promotion or business expansion is likely with many professional opportunities originating from your determination, and strong, solid foundations laid over the past few years. Previous hard work should now be rewarded.

Help and support may come from established and respectable sources, possibly from older people, or from your parents or people in some kind of authority. Legal, insurance and tax matters should also proceed satisfactorily.

Personal plans and ambitions could now become reality. But before you rush headlong down new, or previously unexplored paths and avenues, make sure it is what you really want to do rather than what someone else wants you to do. Allow more time for meditative thought - sit quietly and listen to the voice of your inner self.

December 5th to 22nd 2014**Day by day**

♄ ♂ MC

Transiting Saturn Conjunction your natal MidHeaven

Start of a new 29.5 year cycle of 'responsibility and status'

Responsibility in the home will be of major concern to you during this time. You may find that you now have to nurse a member of the family through illness, possibly an elderly relative. Or simply, you should have a strong sympathetic shoulder ready - as it is likely to be leaned on quite heavily! But being needed in this way will not annoy you, just the opposite; it will make you feel needed and loved.

There should be much more activity around the home - perhaps you will now decide to redecorate the house, or re-landscape the garden. The end result should bring you much satisfaction for many years to come.

If you haven't been able to shake a sense of loneliness and depression recently, then don't worry because you will now begin to feel some of the burden lifting from your shoulders. You've been on a long, tiring journey of learning and experience and now there is just a little further to go - but the light at the end of the tunnel should be growing stronger day by day. When you finally end this journey in a few weeks time and emerge into the light - the brightness may be a little dazzling at first, but your eyes, body, soul and mind will soon adjust. That is when you understand what a brilliant future you have ahead.

December 13th 2014 onwards to July 5th 2015**Status**♄ 10th

Saturn transits your natal 10th house

If you have worked hard you should now experience recognition and rewards. You will finally know what you want from life. The crop you have sown over the past 20-24 years will now be harvested, for better or worse. If you have played fair on your way up to the top, then this should herald a peak in your career. However, if rules have been broken, the very opposite could apply. Either way, professionally, this is a time of greater responsibility. Use this opportunity to make an impression on everyone around you. But try to strike a balance between personal and professional commitments, or loved ones may be neglected and shut out.

December 22nd 2014 onwards to January 10th 2015**Sense of adventure**

♄ ✳ ♃

Transiting Saturn Sextile your natal Jupiter

This would be the perfect time to plan for the future as you will now be prepared to explore and expand into new areas, but with a certain degree of caution. This is a time when a sense of adventure is perfectly balanced with good old-fashioned common sense! This is a time for learning and for turning dreams into reality. Make the best of any opportunity that comes your way - and it is likely to!

All financial matters and investments should proceed smoothly - and could prove extremely lucrative. Being more serious minded regarding money, you will not be willing to take risks, and therefore all financial strategies will now be well planned. Promotion or business expansion is likely.

Help and support may come from established and respectable sources, possibly from older people, or from your parents or people in some kind of authority. Legal, insurance and tax matters should also proceed smoothly.

January 5th to 29th 2015**Common sense**

Transiting Saturn Trine your natal Mercury, REPEATED when retrograde from 29th April 2015 to 26th May 2015. Exact 13th May

Practical common sense combined with clear, logical thought, should enable you to make ordered, positive and constructive plans for the future. Having planned all the intricate pieces of your life, and then slotted them in a rational order, you will be able to see the whole picture of what is ahead - rather like completing a jigsaw in your mind.

However, this isn't the time to make radical changes, it is the time to prepare the groundwork and build firm foundations for future goals and ambitions. Just ensure that once a goal is set, it will be adhered to.

Possessing sound business sense, this would also be an excellent time to research any new financial, career or professional venture. Understanding your capacity for concentrated mental work, you may even consider some special training or schooling in your current field, or retraining for a completely different career.

Strong, stable powers of concentration and accurate communication will enable you to get any point across - so if you need to convince others, especially people in authority, on any matter, then this would be the time to do it.

However, a word of warning, beware becoming overly obsessed with your own opinions, and too rigid in your thoughts. In months to come your outlook will need to remain flexible in order to progress to the next stage of your plans.

January 16th 2015 onwards to February 16th 2015**'No win' situation**

Transiting Saturn Opposition your natal Moon, REPEATED when retrograde from 10th April 2015 to 12th May 2015. Exact 28th April

If you feel confused, tired, irritable and downright depressed - then it is not really surprising. During this period, responsibility for others will conflict with responsibility for yourself. On the other hand, you may have been ignoring the needs of both others and yourself recently - and the consequences are now beginning to show. Painful memories from the past may also cause you to retreat into a safe, secure shell - well away from life's daily pressures.

However, at the moment, you really need to re-establish your sense of purpose in life, and then start to accomplish this purpose in a meaningful and constant way. Find your own pace, and don't attempt anything that you are not ready for. Don't promise more than you can deliver.

Cold, emotional barriers may be erected to keep out pain and upset. The only problem being that these same emotional barriers could leave you feeling alone and isolated from everyone around you, but especially from those you love. This may seem like a 'no win' situation, but ultimately it is up to you to destroy these barriers, face up to your responsibilities and mend the bridges between yourself and loved ones.

Women, parents and older individuals will be less sympathetic than usual to your problems and may cause difficulties in your life - either at home or at work. Perhaps there will be some kind of conflict between your home and professional life.

Professional and business interests will take second place to more pressing personal and emotional matters today. If you have a clear understanding and acceptance of your inner emotions, then the day should proceed smoothly. However, if you have been less than honest with yourself, and others, about inner feelings, then the day could end in turbulent confrontation.
